WE WANT YOU TO KNOW.....

The creation of this book was truly a "labor of love". We laughed a lot, had a steady diet of String Cheese, Saltines and Diet Dr. Pepper, dodged snakes, and talked to everybody who would take time to talk. The later being the key to finding a lot of these cemeteries.

We want to thank Eddie Campbell for his patience with us. He no doubt did without a home cooked meal many days while we tramped the countryside in our quest for our book. We met many very interesting citizens of Macon County, and want to thank each of them for their time and indulgence. Though we rechecked most of the readings after they were typed, we are sure that there may be omissions and mistakes. We ask your forgiveness if this is true. We would, however appreciate hearing from you, should you find a mistake or omission for a future update.

Rarely do people enjoy their work like we enjoyed this one, even though we were bruised and scratched most of the past 3 years.

We sincerely hope this book will serve many "searcher" in the years to come.

INTRODUCTION

On behalf of the Central Georgia Genealogical Society and it's Publication Committee, I wish to express our gratitude and appreciation to Mrs. Davine V. Campbell of Marshallville, Georgia and to Guelda L. Hay and Millie C. Stewart of Bolingbroke, Georgia for their contribution of abstract reading of the Cemeteries of Macon County, Georgia. The book is dated from 1836, the era of earliest burials found in the county. It inclued 95 white cemeteries and two over the line in Schley County. The cemeteries were read during 1992, 1993 and 1994.

Macon County was formed in 1837, the ninetieth to be created in Georgia, and was named after Nathaniel Macon, a North Carolina statesman, once president pro tempore of the United States Senate. It's territory was taken from Houston and Marion counties. It's current land begin as part of four original land lot counties, Houston, Muscogee, Lee and Dooly. For research of Macon County citizens prior to 1837 one must look to Houston, Muscogee, Talbot, Marion, Lee, and Sumter counties.

An alphabetical listing of cemeteries and a county map has been included on the following pages. The number shown to the left on the cemetery listing has been etched on the map to show a cemetery's location.

BEULAH CHURCH

Editor Note: According to Baptist Church Records at Mercer University the Beulah Church was first built in 1828 as a log cabin at Snell crossing on Hoghead Creek. *[William Snell owned Lots 58 & 59, 15th Dist. at this location.]* In 1852 a new frame building was built in an Oak Grove 7 miles east of Montezuma near present Five Points. The new location was 4 miles southeast of it's original location on land donated by Barden Hooks. The church closed in 1914 and the land passed through the hands of Jim Doc McKenzie to a mennonite farmer who tore down the church and built a barn. The church did not have a cemetery at its second location but some members are believed interned at Hooks Cemetery across the road. The Macon County History indicates that there was a cemetery at the original location but graves have been moved to various cemeteries elsewhere.

BLACKMON CEMETERY

Located down a lane on the west side of Highway 128 about 4 miles North of Hicks Cemetery. South of the Macon-Taylor County Line.

There are many "sinks" in this cemetery

There appears to have been a mausoleum in this cemetery. There are any number of Marble panels with designs on them, lying on the ground. Some have been used to mark graves, but they bear no inscriptions on them. (This was confirmed by Senator George Hooks.)

LAWSON CEMETERY

Located in a field at the junction of Highway 127 and County road 301 on the west side of the county road.

There are no visible markers in an 8'x 8' wrought iron enclosure. The gate plaque indicates that the fence was manufactured by the Stewart Iron Works. Third and Colvert Streets, Cinnacinati, Ohio.

Irma Chapman, who owned the property, said that vandals destroyed the markers in the latter 1970's.

The 1880 census shows William Lawson, age 67, and Ann Lawson, age 60, residing at this location. Since there were only 2 markers in this enclosure, we presume that they are William & Ann.

ORGANIZATION: The CENTRAL GEORGIA GENEALOGICAL SOCIETY, Inc. was organized in October 1978 by James T. Martin of Warner Robins, Georgia. In February 1981 the Society was incorporated as a non-profit organization under the law of the State of Georgia. The U.S. Internal Revenue Service has determined that the society is a tax-exemption organization under Section 501(c)(3), U.S. Internal Revenue Code of 1954. The Society is governed by a Board of Directors consisting of the elected and appointed officers and six elected Directors.

AREA: The Society's geographical area of primary interest consists of twenty-seven contiguous counties located in central Georgia. They are: BALDWIN, BIBB, BLECKLEY, CRAWFORD, CRISP, DODGE, DOOLY, HOUSTON, JOHNSON, JONES, LAMAR, LAURENS, MACON, MONROE, MONTGOMERY, PEACH, PIKE, PULASKI, TAYLOR, TELFAIR, TREUTLEN, TWIGGS, UPSON, WASHINGTON, WHEELER, WILCOX and WILKINSON.

PURPOSE: The purposes for which the corporation is organized are:

To collect, preserve and disseminate knowledge and information with reference to genealogical and related historical, biographical and heraldic data;

To inculcate and promote interest in research in these fields;

To stimulate and provide instruction in the use of efficient methods and the adherence to principles of accuracy and thoroughness in research;

To champion ethical standards and to discourage and oppose incompetent and disreputable practices or researchers;

To foster careful documentation and otherwise promote scholarly writing;

To issue publications, and

To promote the collection and the preservation of local records which are of genealogical or historical value.

MEMBERSHIP: Membership in the Society is open to any person interested in promoting the objectives stated above. Annual dues for 1995 are: $20.00 for individual membership; $25.00 for family membership (husband and wife, or two related persons in same household).

TRAINING: At least twice each year the Society conducts classes for beginner genealogists. These classes are free for members in good standing.

WORKSHOP: The Society plans to hold an all day workshop once each year, complete with exhibits, for members and the public. The registration fee will be set to cover the Society's cost and may vary from year to year, depending upon prices charged for food, meeting facilities, speaker fees, etc.

PROJECTS: The Society undertakes special projects for preservation of genealogical and historical information, such as: microfilming old newspapers, abstracting and publishing county court records, federal census records, cemetery records, etc.

PUBLICATIONS: The Society publishes a monthly NEWSLETTER and a QUARTERLY. The QUARTERLY is published four times per year as number 1 through 4 and is mailed to all members in good standing. The annual volume number represents the years in existence. Many other societies, who are members, receive our QUARTERLY. QUERIES, from members only, are published in the QUARTERLY free of charge. There is no limit as to the number of queries which a member may submit. BOOK REVIEWS are published when a copy of the book has been received by the Society. After review these books are donated to the Genealogical and Historical Room,

Washington Memorial Library, Macon, GA., whose holdings are one of the largest in the southeast. Members are encourage to submit ARTICLES FOR PUBLICATION in the QUARTERLY, and extra long articles may be serialized. The QUARTERLY is not copyrighted and anyone is welcome to make proper use of the contents; however, the use of articles quoted from other published sources is prohibited without permission from the copyright holder. Appropriate credit will be appreciated. The QUARTERLY is not sold by subscription. Current and back issues may be purchased from the Society when available. The Society welcomes the opportunity to publish FAMILY PEDIGREE CHARTS for members. Minimum coverage of four generations is required. Our computer designed charts provided for as much information on the fifth generation as the second, third and fourth - most charts provide much less. Give us as much complete information as possible on available forms and separate paper.

MEETINGS: The Society holds regular monthly meetings with planned programs. These meetings are currently held at the Flint Electric Building, 1600 Elberta Road, Warner Robins, Georgia at 7pm on the third Thursday of each month. In addition to the program, time permitting, a question and answer session is usually conducted for the benefit of members who have a problem with their research, or who has found a better way for accomplishing their work. Visitors and guest are always welcome to attend regular meetings of the Society. Our current membership covers many states and we invite you to join our Society.
